Diverse inventories of thermoplastic coatings, bare galvanized and stainless steel wire rope from a company that's creating jobs, here at home.

50 Years of Cable Solutions

Reliability, experience and exceptional customer service for more than 50 years has made ***Sandin Manufacturing*** a leading supplier to the wire rope and cable industry. With one of the most diverse inventories of bare galvanized and stainless steel wire rope, as well as the ability to extrude numerous thermoplastic coatings, our capabilities are second to none.

Sandin Manufacturing specializes in custom-designed mechanical cable assemblies. Utilizing our extensive inventory of wire rope fittings in addition to our CNC machining capabilities, we have the ability to fabricate your custom cable solution quickly.

Our commitment to quality products, on-time delivery and superior customer service create the foundation of ***Sandin Manufacturing***. No job is too big or too small! Contact us for a quote!

Our Mission

To provide the highest quality wire rope products that are competitively priced with customer service that exceeds expectations.
